Max RPM Range	5,000 - 6,000

Standard features include: Digital CD Ignition System, Safety Fuel Shut Off Valve, Start in Gear Protection, Thermostat Controlled Cooling System, Through-The-Prop Exhaust, Oil Pressure Warning, and Shallow Water Drive

*Standard on SailPro models

MFS5LPG

The Tohatsu 5 hp Propane comes equipped with a fuel line that will connect to any standard North American propane tank. Our innovative LPG outboard will run for a full five hours at wide open throttle on a single 11 lb propane tank, without sacrificing performance.

The MFS5LPG's Safety Fuel Shut Off Valve keeps propane fuel from continuously flowing when the engine is not in use. Plus, the outboard requires almost zero maintenance on fuel-related components.

Also available in a SailPro model, specifically designed for sail boaters!
